Dear Mr. Peacock:

The information below summarizes and provides further detail of our phone conversation earlier today, February 18, 2021.

The Grievance Committee has received multiple complaints about an unsolicited email you sent to the membership on Wednesday, February 17. Per Article X of the Club's Bylaws, the Grievance Committee has found this to be improper conduct in that it, without way of limitation, endangers the good order of the Club and is offensive to fellow members including, but not limited to, members of the Board of Directors. Further, the Club recently reminded the membership that use of the Club directory to send unsolicited emails is unacceptable.

In accordance with Article X of the Club's Bylaws, the Grievance committee has voted unanimously that your membership is to be suspended until the next Board of Directors meeting scheduled for March 16, 2021. At that time, the Board has the right but not the obligation to extend the period of suspension. Your right to a hearing before the Board of Directors is detailed in Article X of the Club's Bylaws which are available on the Club's website.

Please note suspended members cannot use any of the Club's facilities, as guests or otherwise, during the suspension period. Suspended members shall be responsible for paying all dues, fees, assessments, or other Club charges that accrue and become payable during their periods of suspension or expulsion.

Should you have questions about this notice, please contact me.

Sincerely,

Hans Warren  
Grievance Committee Chair
